

BALL FOOT

MODEL LS2BL-SD

The Ball Foot console, with perfectly matched components featuring Palmer's updated geometric or "knuckle-style" round corner joints, provides a transitional feel for today's finer bathrooms. A unique feature of this model is the optional "Split-Diameter" combination of 1-1/2" diameter legs with 1" diameter crossbars, engineered to blend seamlessly and complement each other in perfect proportion.

Palmer Consoles are completely modular and custom built to any design and leg configuration
