

# 2-Piece Wall Flange

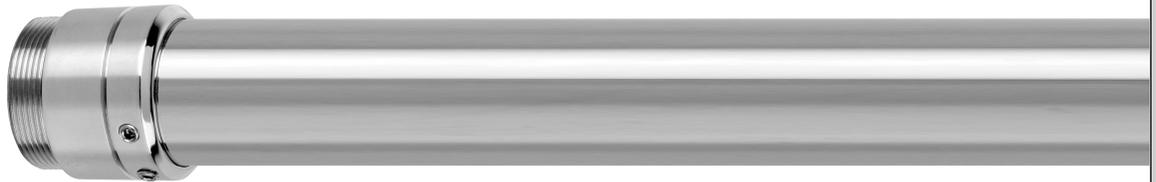

## LEG SYSTEM ASSEMBLY INSTALLATION INSTRUCTIONS

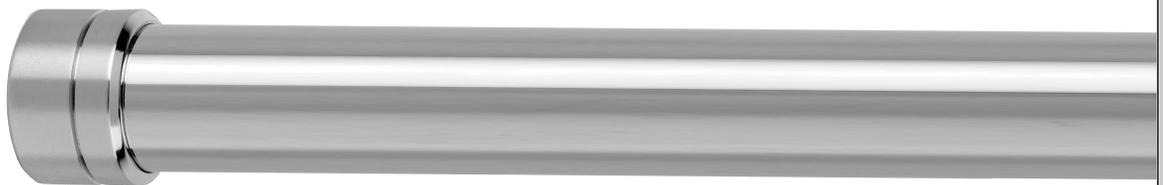

1. Locate and attach Threaded Plug (B) to wall using Wall Anchor (A) and Structural Screw (C)

2. Slide Threaded Flange (D) over Horizontal Wall Return Tube (E) and position in alignment with Threaded Plug (B)

3. Screw Threaded Flange (D) onto Threaded Plug (B) flush to wall - If necessary re-position rotation of Threaded Plug (B) so that set screws are positioned to be best hidden

4. Tighten both set screws using the provided Hex Wrench

A. Wall Anchor  
B. Threaded Plug  
C. Structural Screw

D. Threaded Flange  
E. Horizontal Wall Return Tube
